

2023 GEP Screening Test Timed Daily Practice  
Day 2-Remainder&Calculation

Time: 20min Full marks: 20 points Name: \_\_\_\_\_ Score: \_\_\_\_\_

1. (3 points) Fill in the blanks.

$$( \quad ) \div 3 = 6R1 \quad ( \quad ) \div 8 = 4R1 \quad ( \quad ) \div 9 = 6R6$$

2. (3 points) Fill in the blanks.

$$30 \div ( \quad ) = 4R2 \quad 25 \div ( \quad ) = 6R1 \quad 47 \div ( \quad ) = 9R2$$

3. (4 points) The teacher has some candies to distribute to the students. After giving each student 5 candies, there are 6 candies left that cannot be further distributed. What is the minimum number of candies the teacher had initially?

4. Calculate. (1 point per question, totaling 10 points.)

(1)  $365+638=$

(2)  $874+169=$

(3)  $449+195=$

(4)  $587+934=$

(5)  $536-388=$

(6)  $864-692=$

(7)  $904-835=$

(8)  $244-179=$

(9)  $5154-1436=$

(10)  $1297+2458=$
